To The Secretary to the Government of Madras,

H o m e (Education) Department.

/Through/ The Accountant-General, Madras.

Sir,

I have the honour to address Government regarding the opening of a model school to be attached to the Government --- Secondary Training School for masters at Mangalore.

2. This Training school has been depending upon the local Ganapathy Secondary School for practising purposes as a purely temporary measure, and this arrangement has not been of an altogether satisfactor character. For one thing, there is a distance of about 2 furlongs --- between these two schools so that much time is lost in going from one school to the other. Secondly, it is reported that there is no

proper provision at the Ganapathy Secondary School for the conduct of the model and criticism lessons, and that great difficulty will be experienced when a batch of 20 or 25 students has to go to that school for observation work. Apart from these considerations, it is not and cannot be really a satisfactory state of affairs for the practising work to be done in a school not under the control of those at the head of the training institution. Moreover, Mr. Littlehailes has expressed the opinion that with the possible modification of the Intermediate Courses to include education as an optional subject for those who become teachers the location of a secondary Training class in connection with a college will be a suitable arrangement. In these circumstances I consider it desirable to have class V and Forms I to III attached to the Government Secondary Training School at Mangalore and I may add that the permanent Inspector of Schools of the Circle, Mr. Yates, was in favour of an arrangement of this character and that the present Inspector of Schools, Mr. Ransford, and the Principal of the Government College also support it--i.e., all the officers with knowledge of the local conditions are unanimous in favour of the proposal.

3. A staff consisting of four trained teachers of the Secondary Grade, 2 on Rs.50/- each 1 on Rs.40/- and 1 on Rs.50/- for class V and Form I to III and a combined Drill and Drawing Master on Rs.30/-, will be required for the model section. With the employment of a combined Drill and Drawing Master, I may add that the teaching allowance of Rs.5/- now drawn by the Drawing Master and Gymnastic Instructor of the Government College, Mangalore, will not be required. I request also that on the analogy of the new Middle schools opened under the management of local boards agreeably to G.O.No.902 Home(Education) dated 10th August 1920, a provision of Rs.390/- may be made under contingencies and another sum of Rs.1500 for equipment etc.

4. Assuming that the model section will be opened and the staff detailed above employed with effect from 1st June 1921, the expenditure on account of the scheme for the 9 months in 1921-22 will

amount to Rs.3900/- and the necessary provision may be inserted in the Budget Estimate now before Government.

5. I request the favour of early orders on this communication as arrangements have to be made for the construction of sheds to provide temporary accommodation for the model school.

I have the honour to be,

S i r,

Your most obedient servant.

The extra Cost involved in the proposals of the D.P.I to open from 1.6.21 a model school in the Government Secondary Training School, Mangalore is Rs 3114 per annum under recurring Charges and Rs 1500 under non-recurring Charges. The Charges in the year 1921-22 Come to (about) Rs 3900.

2// Provision of funds. No provision has been made on this account in the budget for 1921-22 and it is too late to include any provision now. The introduction of the scheme from the next year (1921-22) will depend upon the ability of the D.P.I to find the necessary funds by reappropriation. If no reappropriation is possible, the Scheme will have to be held over till 1922-23.

3//. The following remarks appear to be Called for on the details. The D. P. I. proposes
